January, 2017 - January, 2018

Projects:

- Resume Builder

This is a web application and build for Panskura Banamali College (Autonomous) where users can easily create, save, edit or clone their resumes with dynamic field like 'add experiences, skills, projects, educations', If users has no work experiences, projects or other mentioned above in our application can skip or keep blank.

We used technical skill of PHP, HTML, JavaScript and I build this with my three classmate during final semester and it takes four month (April-2025-July-2025) to complete.

GitHub repo: <https://github.com/Habibul-01/Resume>
