Objective: A highly motivated Web Developer and Programmer, currently pursuing MCA and seeking an entry level position where I can apply my acquired knowledge and grow my technical and programming skills.

Education:

- **Graduation**
University of Burdwan
August, **2022** - July, **2025**
- **XII**
West Bengal Council of Higher Secondary Education
January, **2019** - January, **2020**
- **X**
West Bengal Board of Secondary Education
January, **2017** - January, **2018**

Projects:

- **Resume Builder**

This is a web application and build for Panskura Banamali College (Autonomous) where users can easily create, save, edit or clone their resumes with dynamic field like 'add experiences, skills, projects, educations', if users have no work experiences, projects or other mentioned above in our application can skip or keep it blank. We used technical skill of PHP, HTML, JavaScript and I build this with my three classmates during final semester and it took four month (April-2025-July-2025) to complete.
GitHub repo: <https://github.com/Habibul-01/Resume>
- **Number Game**

A game about guessing number within a specific number of attempts which is generated by system and also having different levels. This project build with java Servlets, JSP and some HTML pages.

Skills: java core, java servlets, JSP, HTML, MySQL, hibernate and also, I have taken an online java full stack course from Qspider.
